

# THE WINTER PARK POST

## PLANNING FOR \$25000 SCHOOL HOUSE

### Meeting Friday Afternoon to Discuss Ways and Means.

#### "Old Golf Links" Proposed As Suitable Building Sight.

For the purpose of discussing ways and means to raise the money for a new public school building in Winter Park a meeting will be held at the school house Friday afternoon at 2:30, and all who are interested in this matter are urgently requested to attend. Dr. Coffin will address the meeting. He will speak on "The Needs for a New Building, and Plans for Getting One."

"What we should have," said Prof. Kirton, principal of the school, "is a brick building of fourteen recitation rooms and an auditorium with a seating capacity of not less than five hundred. We have figured that the cost of such a building would be about twenty-five thousand dollars. I do not believe that there are more than a dozen men in the town who would vote against bonding the town for a new school building. If we're going to improve the town and attract people to come here and invest, a school building would be a great consideration. I would not care to come to a town that did not have a good public school. We have a good school, and splendid spirit, all we need is the building."

"We also need a new sight on which to erect this building," said Prof. Kirton. "There is so much noise and disturbance going on around us at present that we very often have to stop recitations while trains are lumbering by and wagons are loading and unloading at the cement factory."

Regarding the finding of a suitable location for such a sight Prof. Kirton said: "I have been told that what is known as the old golf links would be a good location. It would, in fact, be as nearly in the center of the school population as we could get it, to be outside of the heart of town."

There are about 145 pupils in the public school at present. Twenty of these are in the high school department. Eight are in the eleventh grade who will be in the twelfth grade next year—if there is a twelfth grade. There is not any twelfth grade now. This is the only grade that is lacking to have the school rated as a senior high school. The adding of this senior grade would necessitate the purchase of about one hundred dollars of apparatus and the engaging of another teacher. The State authorities require that a senior high school have three teachers. There are only two teachers at the school now.

The growth and importance of the high school department is shown in the fact that there was no eleventh grade last year, the school having only the two junior, ninth and tenth grades. The school as a whole has grown about twenty percent in the last three years.

One instance of the right sort of work being done in the school is that of the school savings bank recently established. Prof. Kirton tells us that nearly every child in the school has a deposit in the bank and that some who had not begun to save up to the time the bank was commenced have already as much as ten dollars to their credit on deposit.

## New Pump Installed.

The new pumping plant in Winter Park is installed and a maximum water supply at three hundred gallons a minute is now possible. The plant started operation on Friday. It is run by a new style of type Y crude oil engine made by Fairbanks Morse & Company. The novelty of this engine is that there is absolutely no ignition system about it. There are no valves, as the crude oil is simply pumped to the engine and shot into the cylinders at the exact moment to explode and give power to run the outfit. It is the nearest thing to perpetual motion in the line of crude oil engines yet invented.

This is one of the first of this style of engines to be installed in Florida, and it has created no small amount of interest among those who are interested in such matters as the engines are suitable for all power purposes, irrigating, electric light plants and power houses. From an operating standpoint they are said to be the most economical engines on the market.

During the four days they were installing the new water pump at the Winter Park Refrigerating Co., C. H. Morse furnished water to the city from his own plant.

The town of Winter Park averages about two million gallons of water a month throughout the year. It is expected that now that the new low rate for irrigation has been made that the consumption will be very much increased.

## A Big Little Town.

"Winter Park has just cause to boast of the record it is making. An article in its live newspaper informs us that Winter Park has a per capita valuation of \$2,500, which is more than double that of the United States; that its bonded indebtedness is only \$40 per capita; that it has expended \$285,500 in public improvements in a year; that it has one automobile to each eight inhabitants and one telephone to each five inhabitants; brick streets, municipal light and water plants; and that if Tampa had spent as much per capita on public improvements in the past year as has Winter Park, our outlay would have been \$24,000,000. This is all very fine and reveals excellent conditions and progressive management."

"Among the assets of Winter Park must not be omitted the active citizenship of William Chase Temple, who has just been re-elected Mayor."

"We doubt if there is another town in the State which can boast such a per capita of valuation and of expenditures for upbuilding purposes."—Tampa Tribune.

## At the Inn.

Among those who have arrived during the past week to spend the season at The Inn are Mr. A. B. Cochrane, of Cambridge, Md.; Miss J. L. Floyd, of Chicago, Ill.; Mr. and Mrs. J. W. Hiner, of Chicago, Ill.; Mr. and Mrs. C. A. Robinson, of Wheeling, W. Va.; Mrs. J. W. Cowden, of Wheeling, W. Va.; Miss Anne Parrott, of Columbus, O.; Mr. George Von Utassy, who is connected with Vogue Magazine in New York; Mrs. Chas. S. Judd, and her son, H. L. Judd, of Cleveland, O., and Mrs. E. E. Twichell, of Glens Falls, N. Y.; Miss E. C. Irwin, of Lake Forest, Ill.; Mr. and Mrs. F. W. Wilder, of Washington, D. C.; Robert Hager, Jr., of New York; B. F. Yeats, and Mrs. Yeats, of Minneapolis; Mr. Joseph Spidell, of Wheeling, W. Va., and his son Joseph Spidell, Jr., and his wife; and Miss Nannie Hays, who has rented her cottage in Winter Park and will spend the season at The Inn.

## ANOTHER 24FT ROAD IS CONTEMPLATED

### Move on Foot to Widen One of Most Important Streets.

#### All Property Owners With But One or Two Exceptions in Favor of the Improvement.

There is a move on foot for the widening of one of the nine foot brick roads in Winter Park to twenty-four feet, the same as that on Interlachen avenue.

The street in question is one of the most used in the town and one of the most important. Every body on the street with the exception of two or three property owners who have vacant lots are in favor of increasing the width.

This matter is in the hands of the property owners themselves, not having as yet come up before the city council, and letters have been sent to all interested.

It is planned, if the widening of the street is determined upon, to begin work just as soon as the paving of Interlachen avenue is completed.

## MASON SELLS HIS HOME PROPERTY

### T. Henkel and Will Build on New England Ave.

#### The Masons Will Occupy House Just East of A. Schultz' Bungalow Until Completion of Dwelling.

A. W. Mason has sold his home place on East Park avenue to T. Henkel and will build a beautiful seven thousand dollar bungalow on the property near the corner of New England and Chase avenues. Until his new home is erected he and his family will occupy the house on New England avenue formerly known as the F. W. Schultz' house, just east of A. Schultz' new bungalow. The Masons expect to occupy their new dwelling this summer.

Edwin Rhodenbaugh, who will be in charge of all the inside work of the Standard Garage, will occupy the Mason's former home with his family. This arrangement is exceptionally suitable as the house joins the garage.

## WILL GIVE AWAY GOLD WATCH

We will give away to the one bringing in the most subscriptions to The Winter Park Post before 12 M., February 14th, 1916, a Seven Jewel Waltham Gov. Watch.

You can see the watch in the window of Walsh's Jewelry Store in Winter Park. Leave your subscriptions with Mr. Walsh as you get them and we will give you the number you bring in.

## Earned Their Dues.

Wishing to earn the necessary money to pay their national dues this year the Camp Fire Girls in Winter Park held a candy sale Saturday afternoon at which they more than raised the required amount. The sale was held in the office of Dr. Coffin and was so well patronized that the girls were obliged to leave the sale several times during the day to go home and make more candy for the customers. The attention of the passerby was attracted by a number of pretty Japanese lanterns hung outside of the office. More than twelve dollars was raised from the sale.

## Fortnightly Club Meeting.

A regular meeting of the Fortnightly Club will be held at the home of Mrs. C. H. Tousey in Winter Park with a large attendance. Prof. Hiram Powers will give a talk on Schiller's Wilhelm Tell, in which the story of the Swiss hero will be brought out with descriptions of the wonderful mountain scenery in which the drama was staged.

## Fixing Road Sides.

An improvement seemingly of great importance but really of very little benefit is going on in the using of the clay which is being taken from Interlachen avenue where it is being laid to fix up the sides of the road along Cook avenue at the places which are most in need of repairs. This is the beginning of a general movement to fix up all the road sides in Winter Park.

## Sign Almost Ready.

M. Roosa has informed us that a sign will have in place in a few days one of the most attractive illuminated signs in the country "designating the name of our beautiful city," which will be placed in the park near the depot facing the track.

## Poll Taxes Due.

There will be a meeting of the city council on Friday evening to revise the list of registered voters in Winter Park. All those who have not yet paid their poll taxes should do so by Saturday night, otherwise they will not be permitted to vote.

## Matter Finally Settled.

It has been finally settled that Interlachen avenue will be paved twenty-four feet wide from the Boulevard to Pulcifer Circle. All the property owners along the line have signed up contracts for the work and they will pay approximately six thousand dollars for the extra width of road.

The cement curbing has been laid and for the past week men have been busy tearing up the road bottom so as to make the bed for the brick. It is understood that the work will be completed in about two more weeks.

## Contract Awarded.

The town contract for the laying of sidewalks and crossings which were ordered by the town council some time ago but which have not been laid as yet has been awarded to Charles A. Dallas, of Maitland, who was the lowest bidder. Mr. Dallas will start work at once.

## ROLLINS COLLEGE NEWS.

### Canopus Observed.

One of the most interesting features incident to the study of Astronomy in the Natural Science Department has been the appearance of the beautiful star, Canopus, which has been observed brilliantly shining in the southern heavens during the past few weeks. This star, which is one of the most beautiful, flashes like a diamond and shines as an opal, and may be seen between the hours of ten in the evening and one in the morning. It is quite a phenomenon to the Northern students, since it is not seen in the Northern States, and some of them have compared it to a lighthouse because of its regularity in flashing from red to blue, orange, yellow, purple, and green. The scientific reason for this constant change is that the star hangs very near to the horizon and the action of the air down low results in these beautiful variations.

Next to Sirius, Canopus is the brightest star in the heavens. It is of the solar type; that is, yellow and white. It is at least three hundred light years away, which means that the rays observed from the campus left the star three hundred years ago. Canopus is brighter intrinsically than 22,000 of our suns.

### Y. W. C. A.

The weekly meeting of the Young Women's Christian Association with Miss Winifred Hanchett, of Orlando, as leader, was held in Cloverleaf, Tuesday evening. After the devotional service, Mrs. W. R. O'Neal, wife of the Treasurer of Rollins College, addressed the meeting, and took as her subject "Things Worth While." She laid special emphasis on consideration for others and enthusiasm in one's work. This address was very helpful and inspiring to all the young women.

### Recital by Arthur H. Ranous at Knowles Hall.

The reputation for good music which Winter Park enjoys was enhanced by an artistic song recital by Arthur H. Ranous. Baritone accompanied by Mrs. Helen O'Neal Palmer. An appreciative audience, in which the students and faculty of Rollins College formed a part was entertained by a splendid program.

## GOLDEN WEDDING.

Mr. and Mrs. John W. Diefenderfer quietly celebrated their Golden Wedding on Sunday with a dinner at the home of their son-in-law and daughter, Mr. and Mrs. Frank J. Lindergreen in Winter Park. A number of friends called during the day to offer congratulations. They were the recipients of some very nice presents in keeping with the occasion.

## WOMEN FINANCE RURAL EXTENSION

### To Promote Canning Clubs and Cultural Development.

#### Woman's Club Donates Liberally at Annual Meeting—Officers Re-elected.

The present officers of the Woman's Club, Mrs. Charles H. Morse, President, Mrs. William F. Blackman Vice President, and Mrs. Hiram Powers, Secretary-Treasurer will remain in office for another year.

They were unanimously re-elected at the annual meeting of the Club which was held on Saturday afternoon at Hooker Memorial Hall. Reports for the year show the club to be in a very flourishing condition. The enrollment has been more than tripled and the work of the special committees and study classes is being carried on with marked success and growing interest.

The Post has already dwelt at length on various phases of the work of the Woman's Club. A new line of endeavor is to be along rural extension. Miss Harriet Layton the recently appointed state demonstrator for this county in the Canning Club movement gave a very interesting account of her work among women and girls of the country districts.

Miss Layton is a sister of Mrs. Fred Ward of Winter Park and she brings to her work a sincere and pleasing personality as well as the necessary experience as a home demonstrator. She dwelt on the different phases of the work, such as bread making, poultry raising, tomato canning, putting up of marmelade and other preserves, sewing, and all types of employment that can be done at home to help the country women and girls to solve their problems. She has already organized eight clubs and has visited them at different times and finds the club members enthusiastic and eager to carry out her plans. One club in Conway last week brought the materials to the meeting to make a fireless cooker, an utensil Miss Layton is anxious to have the women learn to make use of in the heated term.

In another club a farmers' wife told Miss Layton that her daughter is now saving fifty per cent on their living expenses from using waste products of the farm, formerly unutilized. Miss Layton brought out the fact that there are many girls who are eager to join the canning clubs, who have no means to buy the necessary outfit to enter on the work. She also emphasized the great lack in these communities of anything along cultural lines, and said any musical programs, or stereoptican lectures or collections of books for neighborhood libraries would be greatly appreciated.

At the close of her talk, the club voted to organize a Rural extension department and to establish a Loan Fund which Miss Layton can use in buying the necessary equipment for girls who otherwise could not take up the work, the loan to be paid out of the first sale of products. Members of the club donated liberally to this fund.

The question was also brought up of helping the women in Hannibal Square in some of their problems and it was voted to co-operate with them in civic endeavor and in other ways helpful to their community life.

New members coming into the club are Mrs. Wadsworth Smith, Mrs. W. M. Burr, Mrs. Bigelow, Miss Lewellyn Bradshaw and Miss Ethel Enyart.

**Social Life in Winter Park.**

BY CHOLLY WINTER

**Reception at Bonnie Burn.**

Dr. and Mrs. C. R. Switzer gave a reception last Thursday evening at "Bonnie Burn" to a large number of guests. The grounds were beautifully decorated by Japanese lanterns at regular intervals along the driveways, and presented a picturesque scene with the lights of many motor cars coming and going beneath the great oaks and palms. Music furnished the chief entertainment, and Mr. Arthur Ranous, of Chicago, accompanied by Helen O'Neal Palmer, of Winter Park, presented the following program:

1. Love Me or Not (1617) Secchi
2. (a) Thy Beaming Eyes.  
 (b) The Swan Bent Low to the Lily.  
 MacDowell.
- (c) The Rose.
- (d) The River and the Sea  
 Noel Johnson.
3. Recitative—  
 For Behold, Darkness Shall  
 Cover the Earth.  
 Aria—  
 The People That Walked in  
 Darkness.  
 "The Messiah" Handel.
4. (a) An African Love Song—  
 Nevin.  
 (b) Wind Song.  
 James H. Rogers.  
 (c) Now Sleeps the Crimson  
 Petal.  
 (d) Mistress Mine.  
 Quilter.
5. (a) Rose Fable.  
 (b) Let Miss Lindy Pass.  
 Winthrop L. Rogers.  
 (c) The Banjo Song.  
 (d) Off to Philadelphia.  
 Homer Haynes.

Mr. Ranous is a baritone with a voice of rare quality and expression and his singing greatly pleased his audience.

Several songs were added to the program by request of those who had heard Mr. Ranous upon his former visit to Winter Park. His rendering of the "Nonsense Songs" brought about much merriment.

Among the Winter Park guests were Mr. and Mrs. Charles H. Morse, Mr. and Mrs. Frank E. Spooner, Mr. and Mrs. Dickson of Chicago; Rev. Munroe Royce and Miss Parry; Dean A. D. Bnyart, Prof. Hiram Powers, Mr. and Mrs. R. P. Foley and Miss Foley, Mr. and Mrs. Harley B. Gibbs, Mr. and Mrs. Nathan Follett and sister, Mrs. Cotton, Miss N. V. Hayes, Mrs. W. F. Blackman, Dr. and Miss Litch, Miss Emily R. Nicoll and Mr. John Nicoll, Mr. and Mrs. F. Cushman, Mrs. C. H. Tousey and Miss Mabel Allen, Mrs. C. L. Smith, Dr. Hyde, Mrs. Umbley, the Misses Giles, Prof. H. Pope, Prof. E. Palmer, Mrs. Huntington, Mrs. J. W. Webster. Among the guests from Orlando were Mrs. Cameron-Mann, wife of Bishop Mann, Mr. and Mrs. O'Neal, Mr. and Mrs. Hayden, Judge and Mrs. Cheney, Mrs. Greatham, Miss Pomeroy.

On the receiving line were Miss Catherine H. Smith, of Chicago, Mr. Arthur H. Ranous, and Mr. Douglas P. Street.

This was one of the most noteworthy social events given in Winter Park thus far this season, and a slightly rainy evening did not discourage the attendance of about a hundred and twenty-five or thirty guests.

**Rolling College Social in Lyman Gymnasium.**

Lyman Gymnasium was the scene of a brilliant social given as a leap year event. Dean Ferguson and the young ladies of Cloverleaf were the hostesses. The decorations were carried out in profusion of moss enlivened with touches of red, poinsettias being used for this purpose. The Winter Park orchestra furnished exceptionally good music. The students and faculty of the college, and a number of Orlando visitors were guests of the evening. Dancing was added to the entertainment for which the gymnasium is almost ideal as a floor. Much fun was experienced in the reversed conditions presented by leap year, and every one present pronounced the social a great success.

Some of the off-the-campus guests noticed were: Mrs. W. F. Blackman, wife of the former president

of Rollins; Dr. and Mrs. R. F. Hord, Dr. F. C. Fain, Mrs. R. P. Foley, Miss Edith Foley, Mr. T. C. Hunter, Mr. F. Ellison Adams, all of Winter Park; Miss Ruth Isacson, Mr. George Robinson, Mr. G. C. Hurlburt, of Orlando; Mr. and Mrs. L. A. Barbour, of Chelmsford, Mass.; Mr. Edward Blackburn of Tampa; Mr. C. R. Katz, of Kissimmee; Messrs. L. B. Fort and T. C. Green, of Orlando.

**Recital at Knowles Hall.**

Last Monday evening, Mme. Grace Brune-Marcusson, soprano, of Chicago, gave a song recital in Knowles Hall, assisted at the piano by Helen O'Neal Palmer. The program was as follows:

Vocal Carino. Mozart  
 I've Been Roaming. Horn  
 Have You Seen But a White  
 Lillie Grow. Old English  
 Spinnerliedchen. Reimann  
 Der Asra. Rubinstein  
 Hark! Hark! the Lark. Schubert  
 Gutchen Am Spinnrade. Schubert  
 The Cave. Schneider  
 Akeniag. Mason  
 A. A. "One Fine Day". Puccini  
 Madam Butterfly)  
 The Starling. Lehmann  
 The Yellowhammer. Lubmann  
 The Owl. Lehmann

Seldom do we hear such an artist in Winter Park and those who failed to attend, missed a rare treat. The rich tones of Mme. Marcusson's voice are unusual in so high a soprano and her range is extraordinarily. The selections were happily chosen, showing the versatility of the artist in every group. There was no monotony. The quaint old English song, the "Spinnerliedchen"

and the last two bird songs were rendered with a charming touch of humor; "The Cave," and "Der Asra" were in striking contrast and disclosed the full, round mezzo quality of her voice to perfection; "The Butterfly," and "The Akeniag," were brilliantly dramatic while the liquid notes of "Hark! Hark! the Lark" charmed the audience with their beauty. Mme. Marcusson's diction is particularly clear and distinct which adds so much to the appreciation of her songs. She responded generously to encores and "The Cookoo" by Lehmann, was one of the gems of the evening.

## Personal Mention

Mr. and Mrs. Perry of Fryeburg, Maine are at Rogers' Cottage for the season.

Miss F. W. Collins and Miss Nellie Clark have returned from a trip on the west coast.

W. N. Hall, of Topeka, Kans. is at the New Seminole. Mrs. Hall will join him in a few days.

Judge Wallace is now convalescent from bronchitis. Mr. J. C. Nicoll remains seriously ill at his home.

Mr. and Mrs. Perry of Fryeburg, Maine are in Mrs. Rogers' house for the remainder of the season.

S. A. Matter, of Duluth, Minn. and Mrs. Matter, have returned for their second season at the New Seminole.

Hon. J. T. Marcan arrived Tuesday. Judge Marcan is one of the most prominent jurists of Brooklyn, N. Y.

Mr. and Mrs. W. Carman and daughter, from New York, were at the New Seminole for several days last week.

Mrs. Ollie Killian Warren who is in Orlando for the winter, spent Sunday with Mr. and Mrs. Frank J. Lindergreen.

Mrs. W. M. Van Nortwick and her niece, Miss Towmer, of Havana, Ill., are at the New Seminole for the season.

Mayor Temple left on Tuesday morning to attend the Mayors' Convention in Jacksonville. He will return Friday afternoon.

Mr. and Mrs. P. A. Beachey and their son, of Chicago, Ill., are here for the winter. This is their second season in Winter Park.

Rev. Lewis Lampman and daughter, Miss Marie Lampman, of Coxsachie, N. Y., are at the New Seminole for the season.

W. E. Magner, of Duluth, Minn., of the Cutler-Magnus Hardware Co., is at the New Seminole with his wife for the winter.

Mr. and Mrs. Heines of Chicago are at the Inn for an indefinite stay. Mrs. Heines is an accomplished violinist and a well known club woman of Chicago.

Prof. Hiram Powers will deliver the Thursday Assembly lecture on Thursday at Knowles Hall at 2:15 P. M. His subject will be along the lines of "Preparedness."

Mr. and Mrs. Grange Sard, and Mrs. Sard, of Albany, N. Y., and two maids, are occupying one of the best suits at the New Seminole for the winter. Mr. Sard is president of the old firm of Rathbone Sard & Co.

The first lecture by Dr. C. E. Coffin under the auspices of the Women's Club will be given at Hooker Memorial Hall on Thursday of this week 3 P. M. The subject of this lecture will be "First Aid to the Sick."

Miss Rodman of Milan Ohio is the guest of Mr. and Mrs. Harley B. Gibbs. The Misses Taylor of Cleveland Ohio, who made many friends here last season are again at the New Seminole. They are also cousins of Mrs. Gibbs.

Mr. Clinton Mackenzie, the celebrated architect of New York, and a friend of Mr. W. E. Packard, was a guest of Mr. Packard over Sunday. Mr. Mackenzie designed the beautiful new boat house now being erected on the Seminole grounds.

The lectures on First Aid to the Injured by Dr. C. E. Coffin under the auspices of the Women's Club will be held in Knowles Hall. Lectures will be announced later. Prof. Hiram Powers will give the lecture on Thursday of this week talking along the lines of "Preparedness."

Mrs. Charles H. Morse, Mrs. Charles R. Switzer and Mrs. Harley B. Gibbs were the guests of Mrs. W. R. O'Neal of Orlando at luncheon on Monday. They were delegates from the Woman's Auxiliary of All Saints to Convocation. Mrs. Ben. R. Freer was also a delegate to the Convocation.
