

THE WINTER PARK POST

VOLUME 3

WINTER PARK, THURSDAY, FEBRUARY 14, 1918

NUMBER 16

COMMUNITY EXHIBIT A MARKED SUCCESS

ADMIRING CROWDS VIEW VARIOUS EXHIBITS SHOWN AT WINTER PARK BOOTH—WILL DRAW MANY PEOPLE TO OUR TOWN.

The Community exhibit in the Winter Park department at the Fair in Orlando has been seen by thousands and today and tomorrow many more will admire the various exhibits in the Fine Arts and Horticultural building.

J. O. Hale and Percy Hale have done wonders in arranging the display, and magnolia leaves and hunting have been used with studied care as to the best effect in decoration.

The clever idea of reproducing the Rollins seal on a large scale in the college colors, makes an effective background and the color scheme is carried out in the decoration of the college exhibit and the Winter Park "Post." Purple and yellow pansies in profuse abundance accentuate the color note which is relieved by the snowy display of the Surgical Dressings and the white garb and coils worn by the workers in charge of that department of which Mrs. W. C. Temple is chairman.

The Fruit Exchange and Daastwyler Fruit Company, both show a splendid array of oranges and the grapefruit branch bearing 15 grapefruit frozen in a block of ice is a centre of attraction with its companion piece of the large pansy wreath also frozen in ice. The vegetables and flowers displayed by C. H. Ward are always exclaimed over. Mr. H. Stewart has a fine display of his portrait work, which does credit to our local photographer.

The Kindergarten collection made by the "kiddies" in the public school is a very complete and commendable exhibit, and has been much admired. A beautiful serapi and mantella brought from Mexico by Mrs. Dudley Matthews, are employed as decoration with this exhibit. There are also some fine specimens of handwork from local needle women, a handsome crocheted bed set and quilt and some fillet work of choice design.

Rollins College has a praise-worthy exhibit, especially featuring the commercial and domestic science departments, as shown by Professor Harrington and Miss Hills.

One of the 126 business students is daily on hand to pass out literature and explain the exhibits, or take dictation at a typewriter. The examples of sewing and preserving are very creditable, and the knitting of the caps for the fatherless children of France, started by Mrs. G. M. Ward last spring, was also featured. The museum exhibit shows some of the choicest specimens in the animal, mineral and vegetable kingdom, and there is always an interested knot of spectators around the case so carefully arranged by Dr. Baker.

The "Cavell Glove Factory," S. Harrison, proprietor, gives a display of leather and canvas working gloves, and calls attention to the fact that the English heroine nurse has her name perpetuated in industrial circles here.

Many copies of the Post and Winter Park booklets have been given out to the passing throng from the Post's publicity desk, over which is draped an American flag and a service flag in token of its representative "with the colors" in France. The supply of publicity matters will hardly hold out for all are attracted to the unique and choice display from our beautiful little city.

DR. GRIFFIS WILL TALK TO BIRD CLUB

The Winter Park Bird Club will hold a business meeting at Rosemary Studio on Monday, February 13, at 3:00 p. m., to elect committees. Dr. Griffis has kindly consented to give a talk on "Birds of Japan." Dr. Griffis draws from a wide store of knowledge gained from long residence in that country. In lecturing on "Oriental" topics it is his aim to help the Oriental and Occidental man to understand each other. His observation of bird life in Japan and the attitude of the Buddhist toward the feathered creation will undoubtedly make his talk of signal interest to all bird lovers.

Rev. Robert Jones spoke on "Jane Addams and Hull House" at the tourist meeting at the Orlando Baptist Church last Thursday evening.

NEW OFFICERS IN THE WOMAN'S CLUB

ANNUAL ELECTION PUTS REPRESENTATIVE WOMEN ON GOVERNMENT BOARD—WILL START DRIVE FOR CLUB HOME—BRILLIANT PAPER BY E. NELSON FELL.

At the Woman's Club annual meeting on Friday at the Library, Mrs. Charles H. Morse was elected honorary president; Mrs. George L. Dyer, president; Mrs. Harley B. Gibbs and Mrs. Calvin French, vice presidents, and Miss Grace Edwards and Mrs. W. A. Burr, secretary-treasurer and assistant secretary-treasurer.

The club is fortunate in having women so representative of the town's best activities and interests as officers and with such leaders and a membership nearing three hundred mark, its success is more than assured.

An item of special interest in the report was that the club now has one colored boy at the Hungerford School, who is being partly provided for by the Emma Myers fund for the education of colored boys.

It was also arranged for the club to take measures to have credit for the large amount of war work being done by its members.

The movement for a club house to be built on the attractive site on New England avenue, given by Mrs. Morse, gained new impetus at this meeting and it was agreed that active measures be taken at once by a committee appointed for that purpose, chairman, Mrs. Hiram Powers.

The literary program for the afternoon took the form of a most interesting and instructive paper on Russia, by the accomplished author, Mr. E. Nelson Fell, brother-in-law of Mrs. Dyer, who read the paper. A review of this paper, which was a very valuable document from every point of view, and greatly appreciated by the club women, will be given in next week's issue of the "Post."

SCHEDULE OF THE GOLF TOURNAMENTS

Announcements have been posted at the Country Club to the effect that the Men's Red Cross Handicap Golf Tournament will begin on Monday, February 18th, and last throughout the week.

This tournament will be played on the 18-hole (long) course. The entrance fee will be \$1.00 and the proceeds will be donated to the Red Cross work now being carried on at the club house.

The Ladies' Tournament will be played under the same conditions beginning one week later, on Monday, February 25th, except that the play will be twice around the 9-hole (short) course.

At least five cards will be necessary for the Greens committee to properly handicap, but it is requested that all scores from this time on be dropped in the box at the starter's office.

In the Women's Clock Golf tournament, held last Friday and Saturday, Mrs. Harry Greene of Woonsocket, R. I., won, and Mrs. Walter Chess, of Pittsburg, was runner up.

FOUNDER'S WEEK AT ROLLINS COLLEGE

The program of Founders' Week—February 20th to 24th, inclusive—which has just been announced by the Administration promises to make of that celebration by far the most important event of the entire College year, containing as it does patriotic addresses, religious exercises, trustee meeting, Alumni Day, and many other attractive social events.

This year's celebration of the founding of the College and in commemoration of the splendid characters who have given generously for its development will begin on Wednesday, February 20. On this date occurs the annual meeting of the Board of Trustees. On the afternoon of the same day the Delphic Society will have, instead of the usual banquet, a much less expensive affair, consisting of a program open to the College and the town, to be held in the Carnegie Library. The fraternities will dine that evening at the Virginia Inn.

Thursday, February 21, is to be observed the country over as the Day of Prayer for colleges. It is expected (Continued on Page 2)

THE COUNTRY CLUB RED CROSS REPORT

MRS. JAMES DICKSON TELLS OF FINE WORK DONE—TRAINED INSTRUCTORS IN CHARGE—DEMONSTRATION TODAY AT COUNTY FAIR.

The Winter Park Country Club Auxiliary of the Orlando Chapter of the American Red Cross meets in the club house on Monday and Friday mornings of each week, from 9:30 until 12:30. The Auxiliary is in charge of Mrs. James T. Dickson, a graduate of the Chicago Chapter of the American Red Cross, with her being other graduate instructors of the same and other chapters.

Miss Towner, Mrs. J. I. Marshall and Miss Rafferty of the Chicago Chapter, Mrs. Harry Green and Mrs. Edward H. Rathburn of Woonsocket, R. I. Mrs. Marshall has also devoted some time to the work in headquarters of the American Red Cross in Washington, D. C.

We have with us also several others who have taken the course, but who, having been in the work all summer in the North, are in need of rest from too active a part this winter.

Acting as assistants in instructing are Mrs. Nathan Follett and Mrs. James Hilsley of Milwaukee, who, though not having taken the graduate course, have had long experience in the work.

In charge of inspection of the finished work is Mrs. Harry Green, who has acted in that capacity the past year in the East. She has as assistants in inspecting Mrs. William H. Deming, who is a graduate physician of Hartford, Connecticut; Miss Taylor and Miss Harriet Taylor, of Cleveland, O.; Miss Rafferty of Chicago, and Mrs. Walter Nettleton, of New Haven.

Miss Towner is in charge of the preparation of the work and with many willing helpers, devotes each Wednesday to the cutting of gauze, to be in readiness for Mondays and Fridays. The work room on those days is an interesting sight, indeed, with between forty and fifty women in white aprons and caps, seated at the long tables, folding many dressings, while the gay coils of the various committees lend a variety of happy coloring. The supervisor wears the blue, the graduate instructors the red and the assistants the battleship gray coils, and all wear the white aprons.

In the work of the American Red Cross the most urgent call is for the gauze dressings, which are needed by hundreds of thousands in every phase of first aid and hospital work, for the gauze can be used only once. The muslin bandages, however, are used to hold gauze dressings on wounds, and, being washable, can, after sterilizing, be used more than once, in fact, many times. So the number of gauze compresses, sponges, wipes, etc., needed far exceeds that of other (Continued on Page 4.)

AUXILIARY GUILD HELPS RED CROSS

At a meeting of the Woman's Auxiliary of All Saints at Mrs. H. B. Gibbs on Tuesday afternoon, it was voted to give from the \$400 raised by the bazaar \$100 to the local branch of the National Surgical Dressings, \$25 to the Country Club Red Cross, and \$25 to the College Red Cross.

This leaves \$200, which will be applied to the fund for building a guild house.

PAINTING FOR SALE FOR THE RED CROSS

Mr. James Wynn, an artist of New York city, has painted a typical Florida scene and offers it for sale, giving half the proceeds to the Country Chapter of the American Red Cross. The name of the painting is "The Veil of Evening," and represents the mists rising from one of the lakes in Orange County. A companion piece sold for \$250, but this is offered at \$200. It is now on exhibition at the Winter Park exhibit in the Fine Arts Building at the Fair grounds, Orlando. It is a beautiful piece of work and any one buying it will secure a treasure in art as well as a fine souvenir of Florida landscape.

Mrs. Dean Pike is the guest of Mrs. Tousey.

SMILEAGE BOOKS ON SALE HERE

MRS. MACDONALD, CHAIRMAN FOR THE EASYMENT WHICH PROVIDES ENTERTAINMENT IN CAMPS, WILL DISPOSE OF ONE HUNDRED HERE AT ONE DOLLAR EACH.

The smileage books are making the soldiers smile and Mrs. R. D. Macdonald of this place, chairman for Winter Park, is selling them at a dollar each and has already disposed of twenty-nine books. Mrs. James Linen and the Misses Helene Chevreton, Dorothy Chess and Rose Powers are acting with Mrs. Macdonald, and after the hundred are sold, more will be sent from headquarters at Jacksonville.

The smileage book system of providing entertainments in the army camps will start the operation of more than sixteen large theaters in the cantonments where the drafted men were placed. Smileage will also take care of approximately twenty-five large tent theaters located in the Southern camps.

TALK ON BELGIUM ENJOYED BY ALL

In his method of lecturing on a country or people, Dr. William Elliot Griffis, the distinguished traveler and author, who is spending the month of February in Winter Park, forms his audience into a company of merry tourists who are invited to see the land and its people with their own eyes. In the conversational lecture at the High School auditorium on Wednesday evening, February 6th, he said in substance:

"Belgium is a wedge of land set between the age-old enemies, the Frank and the Teuton. Caesar, the Roman, met the Belgii to conquer, but also to compliment them as the bravest of his foes. The southern half of a line drawn through Brussels is inhabited by the Walloons, who speak French. It was these people who, driven out by the Spanish invasion of 1567, fled to the Dutch Republic, where religion was free. A company of them were the first settlers of New York, New Jersey, Pennsylvania and Delaware, and were intellectually equal to the settlers of New England.

North of the line, drawn east and west, through Brussels, live the Flemings (people fleeing from the German forests, driven out by the Romans or by Charlemagne) while the Walloons are mechanics and industrialists, the Flemings who speak Dutch are farmers and gardeners.

The Netherlands became the first seat of industry and trade in Northern Europe and the richest of regions. If lace, tapestry and oil paintings were not invented here, they were first elaborated in the Netherlands.

Passing out of Roman rule, through feudalism, the crusades and rich development in the arts and sciences, the Belgians evolved a civilization which made their country before the great war perhaps the most interesting in Northern Europe.

Under Charles V the Netherlands were given unity and in the eighty years war with Spain the Dutch won their freedom, but the Belgic Netherlands only declared themselves independent in 1830, Germany, France and England guaranteeing her neutrality."

Education, politics, the social habits and every day rivalries, inherent in human nature, were described by the lecturer with plenty of wit and humor, as if the Belgians were his neighbors and his friends. He closed with an echo of King Albert's hope and prayer, "Long Live Independent Belgium!" which brought a round of applause from his attentive listeners.

Of the \$35 raised for the Navy League, \$5 was given to the Belgian Babies' Milk Fund.

Dr. Griffis is open for engagements to lecture on a number of interesting and timely topics in a historical and educational line, and offers to share in this with the Red Cross, or other war charities or local undertakings, which may wish to engage his services. He may be addressed at Winter Park.

ATTENTION!
Read the editorial about the Woman's Club on Page 2. Drive for Club Home begins next week.

WELL KNOWN WINTER RESIDENT AT REST

DEATH OF WADSWORTH SMITH AT BURLINGTON, VT.—WELL KNOWN AND BELOVED HERE—BURIED IN WASHINGTON, D. C.

Winter Park people are grieved to learn of the death of Mr. Wadsworth Ramsay Smith, which occurred at Burlington, Vt., on February 4th, at his late residence, 326 College street.

Mr. Smith had a genial personality, which won friends to him everywhere and many hearts here were saddened at this sequel to the tragic motor accident last spring, which caused the death of his dearly loved relative, Miss Abbott, and has now brought this courteous Christian gentleman to an untimely end. His heart had become weakened by the shock of this accident and it also aggravated an asthmatic condition from which he could not rally, so that the end was quite sudden.

Mr. Smith came from a fine old Virginia family of English descent, and army traditions, his father, Henry Warren Smith, belonging to the Third Cavalry and his uncle being Brig. Gen. Joseph R. Smith.

He had long been a winter resident of this place, marrying Miss Margaret L. Holbrook, of Burlington, Vt., in 1896. Mr. and Mrs. Smith traveled extensively through Europe and the Orient of late years, but for the past two seasons had occupied their bungalow near the campus in order to be near Mrs. Smith's aunt, Miss Abbot, who lived opposite. Mr. Smith was a cultivated gentleman with expert knowledge on many subjects. He was an enthusiastic philatelist and coin collector, as well as amateur photographer. His occupation as an orange grower and later as proprietor of a large farm near Burlington nadme him an ardent lover of out-of-door life, and he was a keen sportsman, though never overstepping the limits of true sportsmanship when out for game.

His love for animals was one of his strongest characteristics and he had taken great interest and given liberally to the ambulance work for disabled horses at the front.

He was a faithful member of the Loyal Legion and was a lifelong member of the Episcopal Church, and a very active member of St. Paul's, Burlington, Vt. He was laid to rest in the family vault at Washington, D. C.

The following notices are from the Burlington daily paper under dates February 5th and 6th:

W. Ramsay Smith.
Wadsworth Ramsay Smith died early yesterday afternoon after a month's illness. He was born in Washington, D. C., in July, 1864. He lived there and in Florida save for the few recent summers, which he has (Continued on Page 2)

Gibbs, \$5.00; Miss Annie Gawthrop, \$3.00; Miss Edith Gawthrop, \$1.00; Miss Gugman, \$5.00; Misses Hannum, \$1.00; Mrs. Hannum, \$1.00; Mrs. Hildreth, \$1.00; Mrs. A. Hunter, \$1.00; Mrs. Ed. Keesel, \$1.00; Miss Leonard, \$2.00; Miss E. A. List, \$10.00; Mrs. Logan, \$5.00; Mr. McGowan, \$5.00; Mrs. J. Mitchell, Jr., \$5.00; Mr. and Mrs. G. H. Morse, \$100.00; Mrs. Myers, \$5.00; Mr. Arthur Schultz, \$5.00; Mrs. C. L. Smith, \$10; Town Council, \$50.00; Mrs. W. C. Temple, \$5.00; Mrs. Dr. Trovillion, \$1.00; Mrs. Dwight H. Wagner, \$10.00; Unknown Giver, \$3.75.

Mr. and Mrs. Homer L. Stone have bought Herman Stewart's bungalow adjoining his property on Indiana avenue. Mr. and Mrs. Stone are from Ohio, and have a daughter, Miss Winifred Stone, who is attending Rollins College.

"ROLLINS PRESS" BORN OF A CYCLONE

GIVES PROMISE OF BECOMING A WELL ESTABLISHED TOWN AND COLLEGE ENTERPRISE

Through the Tomakin fund of \$250, a printing outfit has been bought from a printing plant formerly operating in Apopka, but put out of business by the cyclone. The press is now stored in the house on the Boulevard owned by Mr. C. H. Morse, to which an addition is being built for housing the plant and equipment to be added later.

Thus has been born the "Rollins Press," which is still only in its infancy, but gives promise of growing into an active and lively enterprise. It is hoped that a well established college and town press may be developed for not only job work, but for printing the Winter Park Post, the Rollins Sandspur and college bulletins and publications.

It is proposed that this press, which is to be a Winter Park institution, indirectly owned by Rollins College, be named the "Rollins Press." An organization is being perfected for its promotion and an advisory committee consisting of interested and prominent men of the town met last week at the office of the Winter Park Lang Company to discuss plans for the raising of \$1,000 with which to put the plant in working order and add to its equipment. It is thought that a campaign will be made to raise these funds so that the outfit will be installed shortly.

There is a call for \$100 at once to pay expenses of removing the press from Apopka to Winter Park and for repairing machinery damaged in the storm and the first step in the campaign is scheduled for next Monday, February 18. To raise this money one of the best tennis tournaments of the season will be held on the campus on that date at 3:30 p. m. Tea, sandwiches, cake, etc., will be served and 10 cents admission will be charged.

DR. CROSSER WAS CALLED TO PARIS

Rev. John R. Crosser, D. D., writes from Bordeaux, France, to friends here of his safe arrival there early in January. Dr. Crosser says they saw several patrol boats, but no U. S. boats. There were about 700 U. S. A. soldiers and sailors aboard, many of the soldiers were Polish. There were also 75 Y. M. M. C. A. workers and 20 Red Cross men. He adds, "I know you are enjoying the beautiful warm weather of Florida and I often think of you and remember with delight my happy days with you."

Dr. Crosser made many friends here during recent visits in the homes of Mr. C. H. Morse and Mr. F. E. Spooner, who were formerly his parishioners in the Kenwood Evangelical Church, Chicago. For a number of years he had been filling the pulpit of the American Church in Berlin, leaving there for this country, before war was declared, because his contract with the church had expired. The Rev. Dr. Shurtleff of the American University Union in the Latin quarter of Paris, died last October and Dr. Crosser was called to Paris to succeed him in his work with and for the young men of different nationalities attending the University. From his long and varied experience Dr. Crosser is well qualified for this work and because of his love for and devotion to young men his success is assured.

BISHOP MANN AT ALL SAINTS

At the 11 o'clock services at All Saints Church last Sunday morning the sermon was delivered by Rt. Rev. Cameron Mann, of Orlando.

Bishop Mann's discourse brought out the point that there is a hereafter and that Christ is there, interceding for the undeveloped souls that have passed into the world of spirits.

Holy Communion was administered by the Bishop, assisted by the rector, J. Goodrich Litch.

Watch the room in the Henkel Block where the Woman's Club has its Community Kitchen.

The Winter Park Post

WEEKLY

F. ELLISON ADAMS "WITH THE COLORS"

ROSE MILLS POWERS EDITOR

SUBSCRIPTION RATES

One Year \$2.00
Six Months \$1.25

Entered as second-class matter October 21, 1915, at the Postoffice, Winter Park, Florida, under the Act of March 3, 1879.

"In the Name of Winter Park."

A MESSAGE FROM EX-MAYOR BAKER

To the People of Winter Park—Dear Friends:
In parting with my very agreeable and highly efficient associates of the Winter Park governing body, with whom my relations were so pleasant during the municipal year that has just come to an end, I wish not only to thank them, but all others here for their great kindness to me, and extend to all my very best wishes, especially to the new administration, made up of men who are known to be loyal in every way to the town's best interests.

Yours very respectfully,
THOS. R. BAKER.

WANTED—A HOME FOR THE WOMAN'S CLUB.

It is eminently fitting that the Woman's Club should start a drive toward a fund for a club home on the attractive lot given to them by their honorary president.

The Woman's Club, now three years old, started "The Community Idea" in this town. The Community Christmas Tree, The Sings, the Bird Sanctuary, the Colored Caddy Fund, the Community Kitchen, the Home Nursing Class, the Rural Extension Work in Hannibal Square, and other movements for united effort in "the true, the useful, the good and the beautiful," are the immediate outgrowth of the Woman's Club.

It was the first organization to promote the idea for a social center for all resident women in study classes along the lines of mental improvement, the better understanding of State and National problems, and the cultivation of public spirit, in social service.

In three years' time Winter Park has been greatly benefited by these earnest, active women, who have led in all the endeavors for social betterment and a higher standard of living in our midst.

They have outgrown their first meeting place.

They need a home.

They deserve a home.

They will be more efficient in a home of their own.

Let Winter Park stand by her club women and help them build a home.

Wanted—A Home for the Woman's Club.

WELL KNOWN WINTER RESIDENT AT REST

(Continued From Page One.)

spent in Burlington.

In 1896 he married Margaret Louise Hoobrook, whose mother and grandmother were known and beloved by Burlingtonians of the previous generation. Mr. Smith has for years had interests in orange groves and real estate in Florida, where his health obliged him to spend the winters. He was a lifelong member of the Protestant Episcopal Church and has for the last few years been very active in the work at St. Paul's.

He built the bungalow on North Prospect street now owned by Mrs. Bingham and a few years ago purchased the Merrifew farm on Swift street, where he and Mrs. Smith had spent a few summers.

Always courteous, always interested, always kindly, he made many friends who will mourn his loss.

His body will be taken to Washington for burial, accompanied by the Rev. George W. Davenport of St. Paul's. Prayers will be held privately this morning at nine o'clock at 326 College street. There will be a requiem celebration at 9:45 o'clock at St. Paul's.

Mr. Smith was a member of the Loyal Legion and of the Ethan Allen Club here and of numerous clubs in the south.

Yesterday's Funerals—Feb. 6.

A prayer service was held privately yesterday morning at nine o'clock for Wadsworth Ramsay Smith at his late home at 326 College street, the Rev. G. W. Davenport officiating. The burial service and Holy Communion were observed at St. Paul's Church, at 9:45, the Rt. Rev. George Y. Bliss celebrating communion, assisted by the Rev. Mr. Davenport and the Rev. A. E. Montgomery.

A quartette composed of Messrs. Todd, Little, Gallup and Crosley sang "For All the Saints Whom Their Labors Rest."

The Loyal Legion attended the services at the church in a body and draped the casket with a flag. The body will be taken to Washington, D. C. this evening, to be placed in the family vault. It will be accompanied by the Rev. Mr. Davenport.

ALL SHOOTING PERMITS ARE REVOKED

I wish to call attention of all persons heretofore holding permits to

eradication work in Florida; R. W. Storrs, member of the Florida State Live Stock Sanitary Board; and others, will be present to explain the method that will be followed in cleaning out the cattle fever ticks.

The nearest meeting for Winter Park residents will be at Orlando court house, February 19th, at three p. m. That will be the final meeting of the series.

Lake county voted in favor of compulsory dipping of cattle about nine to one and our people want to make a better showing even than that. Attend the meeting and then cast your vote on Wednesday for compulsory dipping of cattle.

FOUNDERS' WEEK AT ROLLINS COLLEGE

(Continued from Page 1)

ed that the Rev. J. C. Tims, D. D., Pastor of the First Presbyterian church of Tampa, an honorary alumnus of Rollins and a member of its Board of Trustees, will make the address in the College Chapel at 10:00. Miss Waterman of the Conservatory Faculty will give a lecture recital that afternoon at 4:15 in Knowles Hall. Her subject will be "The Art Song," and it is expected will greatly interest music lovers of this section. That evening at eight o'clock in Knowles Hall, the annual address before the Christian Associations will be made. The officers of these organizations are making an effort to get Dr. Ward to make the address, but it is not known at this time whether or not he will be able to come to Winter Park for that time.

Friday, February 22, which is, of course, Washington's Birthday, will be appropriately observed. In the morning at 10:30 the Service Flag containing 71 stars will be presented by representatives of the Commercial Department to the College, and will be accepted by President French. In the afternoon Rollins and Winter Park will be greatly honored as having as their guest and speaker Dr. George R. Parkin, of the Rhodes Scholarship Foundation. Dr. Parkin will speak at three o'clock on "Anglo-Saxon Democracy and the War." Another address of much interest will be delivered by Rev. James E. Clarke, D. D., of the Presbyterian College Board. The Woman's Glee Club and the College Orchestra, under the direction of Miss Dyer and Miss Waterman, will contribute to the program. Friday evening will witness a slight innovation in the exercises of the Seniors. The annual reception given by the President and his wife will be given at this time instead of during Commencement Week. There will be a program of music.

Alumni Day, which occurs February 23, has been taken from Commencement Week, this being the action of the last meeting of the Alumni Association. It was thought that by having the annual meeting and attendant functions during Founders' Week it would be possible for more alumni to visit their alma mater than during the warmer weeks of May and June, and the action was accordingly taken.

The festivities of Alumni Day will begin with a breakfast on Lake Virginia and will be followed by a tennis tournament at nine o'clock. The annual meeting of the Association will be opened at ten o'clock in Carnegie Hall, and it is hoped that all members near enough to do so will attend.

The regatta, which has usually been held under the auspices of the Canoe Club, will begin at two o'clock Saturday afternoon, and will be interesting alike to students, townspeople and winter visitors. Swimming contests, canoe races, and floats are being planned for the occasion.

The dinner which is usually given by the Alumni in compliment to the Senior Class, will be held that evening at six o'clock, and will be followed at nine by the Junior "Prom." Special Vespers will be held the following day in Knowles Hall, with

an address by Dr. Vincent and music by the Conservatory.

All students, former students, and townspeople are urged to help make Founders' Week a great success.

The "Sentinel" printed a nice letter editorial about our new mayor, Walter Schultz. Look for it in next week's "Post."

We Aim to GIVE All We Can For What We GET

—Rather Than—

GET All We Can For What We GIVE.

Since all of our Business and Prosperity comes from this community, it is our aim to make our Banking Institution in a sense, largely co-operative. For this reason we make no charge for many of the services that Banks usually charge for.

A trial of our methods will convince you that the "Little Slogan" that appears in all of our ads: "TO SERVE FAITHFULLY, TO DEAL SQUARELY, TO PROFIT MODERATELY," is not an empty show of words.

There is room for you and your business at OUR BANK, and you will be made welcome and to feel at home.

The business that you turn to this Bank will help us to grow as we should grow, and will help us to take our rightful place in the community. We admit that your patronage is to our advantage, but on the other hand this Bank will return to you Service, Security and Satisfaction in good measure.

At OUR BANK we issue and pay Travellers' Checks and make the usual transfer of money by wire.

We have an ambition to gain a New Depositor each day. If you are not yet a customer of this Bank you are missing Two Opportunities—one of helping the New Bank to grow, the other one of letting the New Bank help you.

FORTNIGHTLY CLUB.

The Fortnightly Club met at Hooker Memorial Hall on Monday evening with Mrs. Bosworth as hostess. A large number of members were present and also several Cleveland people, friends of Mrs. Bosworth and Miss Anna Metcalf, who are staying at the Seminole and Virginia Inn.

After the roll call Miss Metcalf read a very interesting paper called "Some Spanish Vignettes." She cited four characters in Spanish history as standing prominently out in the romantic era when Spain was mistress of the seas. These were Queen Isabella, of beautiful face and gracious memory, patron of Columbus; Don John, of Austria, natural brother of Philip II, and Admiral of the Spanish fleet. St. Teresa, the renowned mystic, whose spiritual fervor and charitable deeds made her the confidante of ecclesiastics and statesmen, and Velasquez, the court painter of the royal family of Philip II.

Miss Metcalf's paper showed great research and a wide knowledge of that era of magnificence before Spain lapsed into decadence.

It was announced that the next meeting would be at the same place in two weeks' time when the club would be entertained by Mrs. C. H. French, Mrs. H. S. Pope, Mrs. Chauncey Denny and Mrs. Jean Webster.

Cancellor McCracken will speak on his experiences in a Danish, Swedish and Norwegian university.

BENEFIT FOR SURGICAL DRESSINGS

There will be a card tournament at Mrs. W. C. Temple's home on Monday afternoon for the benefit of the National Surgical Dressings.

Fifty cents is the fee for entering the tournament.

This is the first event in a series of entertainments which the committee are planning toward a \$1,000 drive on April 1st. Many should enter this tournament and help this splendid charity.

GIRLS GLEE CLUB

The Girls' Glee Club will give a concert at Knowles Hall on Thursday, February 14th, at 8:15 p. m.

Mrs. Charles H. Morse will entertain the officers and executive board of the Woman's Club at luncheon tomorrow in compliment to Mrs. W. C. Young, of Vero, Fla., vice president of his section of Woman's Clubs.

Miss Udall, of New York, who is at the Seminole for the season, entertained at tea at "The Kettle-on-the-Hob" on Tuesday for Miss Chestnut of New York, who is the guest of Mr. and Mrs. R. D. Macdonald.

Mrs. R. P. Foley entertained at ten tables of bridge and five hundred at the Seminole on Thursday evening of last week. Judge Albert Bosson, of Boston, won first prize for men at bridge and Mrs. H. W. Osborne, of Cleveland, won the lady's prize.

Mr. and Mrs. W. E. Miller, of Chicago, are registered at the Seminole, where they will remain for several weeks. Mr. Miller is senior vice president of Fairbanks, Morse & Co.

Among the arrivals at Virginia Inn this week is Mr. H. C. McClary of Evanston, Ill. Mr. McClary retired from active service with Fairbanks, Morse & Co., Chicago, on January 1st, after fifty years of service with that company.

Sergeant Homer W. Ring, of Camp Joseph E. Johnston, was the weekend guest of Mr. and Mrs. H. Stewart.

Mr. and Mrs. Marcellus, of Syracuse, have returned to Daytona after a week's visit with Mr. and Mrs. Brewer at "The Palms."

Mr. and Mrs. E. F. Cooley, of Lansing, Mich., are at their lakeshore cottage for the season.

Mrs. A. B. Stevenson arrived on Saturday to be the guest of Mrs. E. W. Moore.

RECEPTION AT "CLOISTER GROVE."

Mr. and Mrs. James Stokes opened their beautiful new home, "Cloister Grove" on Monday afternoon by giving a reception for Mr. and Mrs. Chapman.

The house, which is Southern Colonial in style, is approached through a pleached driveway of orange trees, meeting overhead and suggesting the cloistered arches of a cathedral close. The natural beauty of the site on Lake Maitland enhances the charm of the setting, while the place itself is a very well appointed and up-to-date country house built on the most approved modern lines.

The extensive grounds around the house promise of becoming all that landscape gardening can produce in the way of parterres and plots and shrubberies.

Mr. and Mrs. Stokes received their guests in the large living room facing the lake. Assisting in the dining room were Mrs. R. D. Macdonald and Miss Elsie Farnam. Among the guests from out of town were Rt. Rev. Cameron Mann and Mrs. Mann, of Orlando, the former a brother of Mrs. Chapman. Mr. and Mrs. Chapman recently bought the Wallace estate adjoining "Cloister Grove."

MISS ROUS' RECITAL

Miss Rous' recital in the Musical Appreciation Course on Thursday was very entertaining, for her witty comments on some of the futuristic productions in music akin to Gertrude Stein's vagaries in verse, were very diverting to her audience.

From the wierd dissonances of Schoenberg and Ornstein, and the odd combinations of sound in the 12-note scale, the impressionistic music of Debussy and Ravel, was a distinct relief to the untutored ear which could at least follow a composition like "The Gibbet" with its haunting insistent note, without the irritation called out by the Futurists.

The last number of the program Dohnany's "Rhapsodie," with its four themes, was very brilliantly executed by Miss Rous and called forth much applause.

SERVICE FLAG HAS THREE MORE NAMES

Another name which adds a star to the Service Flag is that of First Sergeant David H. Cooley, of the 310th Engineers, Camp Custer, Battle Creek, Mich. Sergeant Cooley is a son of Mr. and Mrs. E. F. Cooley who are now at their pretty home on Lake Osceola for the season.

Percival Hutton writes from Washington to relatives here that he was expecting orders from the Photographic division of the Signal Corps to start last Sunday or Monday for six weeks training at a flying field. After a stiff examination he hopes for a commission as 1st Lieutenant and to be sent to France. This will add another star to the service flag for Mr. Hutton is a nephew of Mr. and Mrs. R. D. Macdonald of this place and a grandson of Mrs. Hopkins. Mr. Hutton spent much of his time with his relatives here, while pursuing his business as an architect in Orlan do.

Ensign Edward Street, son of Mr. and Mrs. C. A. Street of Chicago, and nephew of Dr. and Mrs. C. R. Switzer is the third name to be added to the service flag. Ensign Street passed third in a class of three hundred men at Annapolis. He enlisted from Yale in the Naval Reserves at Newport and later received his commission after a special course in training at Annapolis.

Mrs. George L. Dyer has been called north by the sudden illness of her son-in-law, Lieutenant Commander Burton A. Strait, who must undergo a serious operation in a Philadelphia hospital this week. Mrs. Dyer left on Wednesday evening for Philadelphia.

A son was born to Mrs. James Holmway on Monday, February 3d.

AN IMPORTANT MEETING OF WOMAN'S CLUB TOMORROW

Mrs. W. A. Young, vice president of this section of Woman's Clubs, will speak to the Woman's Club on Friday, February 15, at 3:00, in the domestic science room in Knowles Hall, Rollins College.

Dr. Hiram Byrd, of Jacksonville, is unable to give the talk on "Public Health," which had been arranged for this meeting, but all club women should be present to hear our newly elected State vice president of this section.

GUESTS REGISTERED AT SEMINOLE HOTEL.

R. E. Osborne, Minneapolis; Mary Strong, Yorktown, N. Y.; Mr. and Mrs. E. J. Thompkins, Peekskill, N. Y.; Mr. and Mrs. W. E. Miller, Chicago; Mr. and Mrs. L. W. Austin, Washington, D. C.; Miss J. O. McFarland, Utica, N. Y.; Mr. and Mrs. L. Halloway, Indianapolis; Mrs. W. W. Wentz, Mrs. H. A. Angell, Indianapolis; Mr. and Mrs. G. C. Harle, Miss E. P. Gould, Richmond Hill, N. Y.; Miss E. MUSIC CLASS.

The Music Class will meet on Saturday, February 23d, with Mr. Follett. "Woman Composers" will be the subject for the program, and it is expected that Mrs. Lafayette Goodbar of Boston, who is to be Mrs. Gibbs' guest will sing some examples from the works of Mrs. H. H. Beach, the noted composer, with whom she has done much concert work.

NOTED ENGLISH MAN WILL VISIT HERE

All Florida will be glad to know that Dr. George R. Parkin, of the Rhodes Scholarship Foundation, is to visit this state shortly and to remain here for several weeks. Since 1902, Dr. Parkin has been the Director of the Rhodes Scholarship Foundation. As such he has been in close touch with the educational institutions of all the British colonies as well as those of Europe and America. He is a native of New Brunswick, and prior to his appointment on the Rhodes Foundation, was the Principal of Upper Canada College at Toronto.

Dr. Parkin's relation to the Rhodes Scholarships has made him known throughout the western world. Recently, however, he has acquired a claim even greater than this to Anglo-Saxon interest and respect. At the beginning of the world war, there were many in England who doubted the value to the mother country of the existing relation with the colonies. Such doubters believed that the burden involved in sustaining close relations with the colonies was greater than the benefits resulting from such relations. Far-seeing British statesmen, however, were convinced that the colonies and the mother country should, if possible, be bound together even more closely.

Accordingly, Dr. Parkin, with a few others, was sent to every British colony in order to learn its condition, the attitude of its people and its national possibilities. Upon his return to England, he with others was sent to speak in every important village and city in the United Kingdom. The result of this campaign was an entire change in English sentiment with regard to the colonies. Their vital and necessary relation to the mother country was recognized, and the British world today is a closely knit empire, due very largely to the work of Dr. Parkin and his fellow workers.

No man in the English speaking world is better able today to interpret Anglo-Saxon Democracy than is Dr. Parkin. His presence in Florida for a time during February offers an unusual opportunity to those who wish to get a clear view of the trend of our civilization and the effect of the great war. He will speak at the Founder's Day exercises at Rollins College, Winter Park, on Washing-

Maitland News

Miss Caroline Kingsley is entertaining the Misses Martin of Princeton, New Jersey, at her home, "Under Oaks." These ladies motored on Wednesday to Wekiwa Springs and enjoyed a trip down that tropical river.

Dr. H. Boyce Tupper, of Philadelphia, lectured in the Maitland Library on Friday evening, for the benefit of the Navy League. Dr. Tupper spoke most interestingly concerning the life at 28 cantonments located in our country and emphasized the fact that in this great preparation for war against the barbarous methods of the Hun, there was no longer a North and South, but one undivided nation, determined to conquer the evil power of the Teuton. The silver offering at this lecture added \$20 to the treasury of the Navy League.

The new home of Mr. and Mrs. E. D. Brigham is rapidly nearing completion.

Captain and Mrs. W. K. Johnston spent last week at Bellair, where Captain Johnston had been invited to meet northern friends in a golf tournament.

Mr. and Mrs. E. J. Tompkins have recently acquired a valuable property on Lucerne Circle in Orlando. Their Maitland friends regret to hear that Mr. and Mrs. Tompkins consider occupying their new home next fall.

Mr. and Mrs. John McCulloch accompanied by their guests, Mrs. Massengale and Miss Campbell, motored to Sea Breeze for a two days' sojourn last week.

Mr. and Mrs. Goss and their daughter, Mrs. Hirsch, of Glencoe, Ill., who are now guests at Virginia Inn, Winter Park, were welcome callers among Maitland friends last Friday.

Mr. and Mrs. H. A. Allen of Cecil County, Maryland, is spending some time with Miss E. C. McConnell.

Dr. William Elliot Griffiths of Ithaca, New York, will lecture in the Maitland Library on Monday evening, February 18th, at 7:45. Dr. Griffiths' subject will be "The World in 1918." A silver offering will be received for the benefit of the Navy League. Dr. Griffiths is a gentleman of broad culture and a sympathetic personality, and the opportunity of hearing this lecture is looked forward to as an especial treat.

Mr. Jacob Mahl is here for a few days, visiting his mother before enlisting in the navy.

Mr. Walter Moorman, who has been in Washington the past three months working, is here now, visiting his mother.

Mr. and Mrs. George Dearborn spent several days recently in Lake Como on a business trip.

Miss Edna Galloway supplied at the public school during Mrs. Wheeler's recent illness.

Mr. John Ervin, of Umatilla and Mr. Tom Irvin, of Orlando, spent Sunday recently with their mother.

Mr. W. P. Monroe has gone to Waycross, Ga., where he will be in a hospital for treatment.

THE COUNTRY CLUB RED CROSS REPORT
(Continued from Page 1)

dressings and many of the largest work rooms devote almost their entire time to such.

Advice is usually given by those in authority for a work room to confine itself as much as possible to a limited variety of dressings, two or three at the most, as greater proficiency is thereby attained, both in the quality of the work and the number turned out. In these days the scarcity of gauze and the difficulty of procuring it makes it impracticable to use such as can be obtained, as the need is of far greater importance than the quality of absorbent gauze used.

When the order comes from headquarters for a large number of any certain kind of dressings, bandages, pads or other of the many styles made, each chapter is given a certain portion of them to supply by a given time, and calls upon these auxiliaries to provide them.

The Orlando Chapter has been sending boxes of surgical dressings straight to France, one being shipped this week. On February 20th two more are to go, which we are helping to fill with our work, full credit being given our auxiliary for every package of dressings we make. One of these boxes will contain 11,000 gauze compresses in finished size, 8x4 inches—the other box will carry 25,000 gauze sponges (or wipes) finished, 2x2 inches. The sponges are used for cleaning wounds and to absorb fluids, while the compresses are for covering open wounds and applying dressings to them. As we want to help fill these boxes as speedily as possible and be ready for the next order that comes, we will gladly welcome all who will come and give their aid in behalf of our wounded soldiers. The women of our work room are acquiring great skill, as the many snowy piles of beautiful compresses and sponges bear witness. We are folding from six to twelve hundred in a morning, according to the kind of dressing and the number of workers present.

Before becoming an auxiliary of the American Red Cross we were working in National Surgical Dressings and made 1,500 compresses in four sizes, some of which were sent to the National headquarters in New York city with the inquiry as to whether they would be acceptable. We received a reply from their chairman stating that they would gladly be accepted and as soon as we could possibly send them, as they were so greatly needed abroad. Accordingly, we packed and shipped them also ten body binders of muslin, and they may possibly be now on the water going on their errand of mercy.

NOTICE.

Owing to the continued increase in price on all foodstuffs as well as general operating expenses, we are obliged to advance the price of Ward's San Lac Sealed Milk to 15 cents per quart, effective February 1st.

THE WINTER PARK REFRIGERATING CO.

On Thursday afternoon, February 14th, the Winter Park Country Club unit will give a demonstration of the folding of surgical dressings at the Orlando County Fair, each auxiliary of the Orlando chapter having one afternoon in the week given to its work.

We deeply appreciate the generosity of our many friends in donating to the work of our Country Club and thank them for their help unit. As the need is great for surgical dressings, so is it for the meeting of expenses for such work, and we will be glad as little or as much as one is able to give to this cause. The women are ready to devote their time and their efforts if the men will come to their aid.

The treasurer is Mr. James T. Dickson, who though suddenly called home last week, has arranged matters during his temporary absence. The secretary is Miss Helen Edwards who also is one of our reliable helpers in the preparation of work.

We are greatly indebted to Mr. and Mrs. Charles H. Morse for the use of the Country Club and for their gift to us of our splendid work tables. Their kindly aid and advice has been of great help to us in our work.

MAE SPOONER DICKSON,
Chairman.

IN CIRCUIT COURT, SEVENTH JUDICIAL CIRCUIT State of Florida, Orange County, in Chancery, Lula May Fleshman vs Chas. W. Fleshman Divorce.

To Chas. W. Fleshman, it appearing from the affidavit of Lula M. Fleshman herein filed, that the Defendant Chas. W. Fleshman is a non-resident of the State of Florida, that his address is unknown to her and that there is no person in the State of Florida the service of a subpoena upon whom would bind said defendant, and that said defendant is over twenty-one years of age. It is therefore ordered that you do appear to the Complainant's bill herein filed on or before the 1st day of April A. D., 1918, the same being day of said court.

It is further ordered that this notice be published in the Winter Park Post in the County of Orange, State of Florida, once a week for eight consecutive weeks.

WITNESS, B. M. Robinson, Clerk of our Circuit Court, and the seal of said Court, at the Court House of Orlando, this 22 day of January A. D., 1918
By B. M. Robinson, M. A. Howard, D. C.
SEAL WM. MARTIN
Solicitor for Complainant.

Official Orders Issued by Federal Food Administrator Braxton Beacham, Orlando, Florida, January 28, 1918

1st—Wholesale and retail dealers in wheat flour shall, immediately upon receipt of this notice, make no sales of wheat flour, except where other flour substitutes of equal amounts are sold in combination with wheat flour. These substitutes shall be barley flour, buckwheat flour, corn flour, cornmeal, corn starch, corn grits, Feterita flours and meal, hominy, oatmeal, potato flour, rice flour, rolled oats, soya bean flour, sweet potato flour.

In all cases where wheat flour is sold, one or more of these substitutes must accompany wheat flour in a ratio of one pound of wheat flour.

2nd—Sales of flour by retailers in towns or cities to individual consumers shall be in one-eight to one-fourth barrel quantities or less. In rural or foreign communities sales to consumers shall be one-fourth to one-half barrel quantities or less.

3rd—The gross maximum profit for wholesalers in flour shall not exceed from 50c to 75c per barrel. The profit exacted by retail dealers shall not exceed from 80c to \$1.25 per barrel, depending upon character of service performed.

Where retailer sells in amounts less than original mill packages, the gross profit shall not exceed 1c per pound. Any profit in excess of these, or in excess of that obtained in pre-war times will be considered cause for investigation.

4th—Substitutes for wheat flour shall not be sold at more than a reasonable advance over actual purchase price of particular goods sold without regard to market or replacement value at time of sale.

5th—All wholesale and retail dealers will be held to strict adherence of above rules, and no variation in any particular will be allowed, except where specific authorization is made by the Federal Food Administrator.

F. W. SHEPHERD, Winter Park, Fla.
